## Mini-Bikes Presenting Maxi Problems Locally

Members of town departments and commissions have been requested to meet with the selectmen Monday night to discuss use of town owned land with regard particularly to such things as mini-bikes.

Town Manager J. Maynard Austin said this week, that the problem of mini-bikes is a great one and thus the decision to call together such departments as the public works, conservation commission, recreation department, police and fire officials, school authorities and the selectmen.

Almost daily there are complaints logged in the police station with regard to mini-bikes, Austin said.

The problem is not so much use, but abuse of town property, such as conservation land, watershed areas and park department properties.

Motorcycles and mini-bikes seem to be the major problem, the manager said.

He feels a policy must be adopted by the local authorities with regard to the properties.

Should the use of town owned

properties be open to just a segment of the population or open to all seems to be the basic problem, Austin said.

As for the mini-bikes, the manager noted that many are operated by youngsters underage and are not registered, thus additional problems.

Some have been operated on sidewalks, according to some complainants.

The manager feels the matter must be discussed in a similar vein as the snowmobiles were during controversy this past winter.

The conservation commission first prohibited use of snowmobiles on their properties, then restricted operation of the vehicles to a few of their holdings.

Mini-bikes and motorcycles have been operated, not only on conservation property, but on some town park lands as well, as the weather has improved.

The selectmen meeting with the various department heads and officials Monday night, are expected to come up with some firm policy regarding the matter.

## To Review The Status Of Schools

At a public meeting next Thursday evening, June 17, at East Junior High School, Dr. Kenneth R. Seifert, Supt. of Schools, will give the community a status report at the end of his first two years as superintendent of schools in Andover.

The superintendent told the TOWNSMAN he would "try to communicate where we are today as a system, outline some of our successes and failures of the past two years, and give my recommendations to the town. I'm also going to talk about some of the concerns which are affecting not just the schools, but the whole community."

These basically will fall under the umbrella of education, he said, although some go right into the

## HIDDEN WEAPON Part II

### CO-OP LABEL CLOAKED IN MYSTERY CONSUMER STRUGGLES TO FIND SOLUTION!

This proposition of being in business for the consumer really gets very complicated - only because it's unique! We're so used to the traditional profit motive and the big sell that a CO-OP (our own store, run by us and for us) has us all tied up.

Take, for example, our CO-OP LABELS. We call them our HIDDEN WEAPONS, because what other store has its OWN LABORATORY screening products with only the consumer in mind? It has to be a good deal, because we're only interested in the best quality for ourselves.

It's just not that simple, though. We're so used to being brainwashed by fancy advertising campaigns for big name brands - it takes a little courage to grasp a can of CO-OP apricots and put it in your wagon when no one's ever told you what a soul-satisfying experience it's going to be!

CO-OP SHOPPERS TAKE HEART! We understand your insecurity, and to give you courage we're offering some fantastic CO-OP LABEL sales this week: enormous cans of CO-OP peaches, pears and apricots - 3 for \$1 - and 10 cans of CO-OP beverages for \$1. What gives you more courage - cash in your pocket or the big sell on TV?

Give our hidden weapons a whirl, won't you? Canned goods to kleenex, CO-OP means CALSS!

AWARD WINNERS. Top award winners at the Andover High school All-Sports banquet conducted by the Boosters club last week were left to right, Pamela Normandy, Memorial Award, David Hixon, Memorial Trophy, scholarship for best boy athlete and Patricia Morin, Outstanding Girl athlete trophy.

## Top Athlete Awards Given

Dave Hixon and Patricia Morin received the top awards as the Outstanding Senior Boy and Girl Athlete during the recent Andover Boosters' Club All-Sports Awards Night held at Andover High.

Hixon was a standout performer in football, basketball and with the Golden Warriors' championship track teams over the past three years.

On the gridiron, Dave was a constant breakaway threat for Coach Dick Collins' team. His speed and sprinting ability made him a welcome addition to the offensive backfield, until a severe leg injury pulled him up short early in his final year.

Dave and Dick Muller teamed up as a fine duo at guard for the 1969-70 Andover High basketball team, which swept to the Eastern Mass. Class C Tech Tourney title and then reached the semifinals of the State Tournament.

Coach Will Hixon's Golden Warrior cagers, with Dave again enjoying a good season, romped to the Merrimack Valley Conference title this past school year.

Hixon once again excelled as the top 220-yard dash man for Coach Dick Collins' track teams, which have pulled down league, State and New England titles galore over the past decade.

Hixon also ran a leg on Andover's relay team, which last Saturday captured the State 880-yard relay crown. The team travels to Salem, N.H. this Saturday for the New England Meet.

Miss Morin was a top performer in three sports also, starring on the Andover girls' field hockey, basketball and softball squads.

Hixon also received one of the two Boosters' Memorial Scholarships which was worth \$400. The other scholarship, worth \$350, was awarded to Pamela Normandy.

Andover High Athletic Director Donald Dunn was presented with a pen and radio desk set by the Boosters Club "as a community member who has done an out-

standing job helping the youth of Andover."

Another special Boosters Award was presented to Bill Cosgrove of Danvers High, in recognition of his feat in winning the two-mile event in the Boosters' Invitational track meet for three consecutive years.

Also receiving Varsity Club Awards as most valuable performers in their sports were: Joe Crush, basketball; Steve Holden, gymnastics; Bob Flannery and Jeff Mathias, soccer; Mike Murnane, hockey; Karl Nilson, golf; Gail Kolbe and Nancy Anderson, tennis; Pat Morin, soft-

These officers represent a progressive team, whose purpose is to enlarge the membership of the Boosters and continue the fine work the Club has performed for AHS athletics down through the years.

In conjunction with this, the Boosters are urging all former Andover High athletes, all parents with boys and girls participating in the program and everyone else interested in assisting the Club to "join up."

The main topic under discussion last night is explained in the following letter, sent by the Boosters to parents of AHS students. That text:

"In view of the rising cost of having organized athletics on an inter-school level, and the ineffectiveness of the town to provide new football jerseys, we of the Andover Boosters, in line with our purpose in the community, are undertaking the organization and running of the football program (booklet) as a way of obtaining the financial means to provide the team with new jerseys.

"It is our intention to increase the physical size of the football program that is sold at all home games by increasing the advertisement, thereby enabling pictures of all football teams from the 7th and 8th grade to individual pictures of lettermen to appear in every program.

"It is our intention this year to realize enough money to purchase two sets of football jerseys for the football team. To reach this end, we would like to institute a page or pages of sponsors' names that would appear in the football program.

"These page or pages would list the name of any person who would donate \$5 (five dollars), and he would be listed as a sponsor of the Andover Football Program.

"Basically, this letter is an appeal to you as a parent to help us by becoming a sponsor of Football financially, and also become an active member in the Andover Boosters."

This is merely a start towards many goals that the new Boosters officers are setting their sights on. However, to succeed they will need the help and support of the Andover townspeople.

Anyone interested in learning more about how they may assist AHS athletics, as well as helping the Boosters carry on their excellent programs, may contact any of the officers listed above.

## Tennis Tourney At Abbot

The dates June 28 through 30 will be busy days at the Abbot Academy courts.

Mrs. Helen Rich of Andover is the tournament chairman. Local players wishing further information, may contact Mrs. Rich at 10 Howell Drive.

## Babe Ruth Club Drops Two

The Andover Babe Ruth League team began its season with a pair of tough losses last week, bowing 8-6 to North Andover in the season-opener and 2-1 to defending champ Methuen.

Manager George Lefebvre's club will be back in action tonight, meeting Tower Hill in a 6 p.m. contest at the Playstead. Andover also faced South Lawrence West and South Lawrence East in games Tuesday and Wednesday, after TOWNSMAN presstime.

Twelve walks by two Andover pitchers, combined with several costly baserunning mistakes, combined to hurt the locals in the North Andover contest.

Andover outhit the victors, 6-3, with Bob Burrows and Dave Mosher collecting two safeties apiece. Jeff Towne unloaded a 350-foot triple and Bobby Driscoll stroked the other Andover hit.

North Andover grabbed a 1-0 lead in the first inning. Starting pitcher Jeff Towne, who wasn't missing the strike zone by much, walked three men and hit a batter to force home the NA marker.

Jeff pitched out of trouble by tempting Brian Smith to bounce into a bases-loaded doubleplay. The twin-killing went from Towne to catcher Burrows to first baseman Driscoll.

Andover bounced back to take a 2-1 lead in the second stanza. Towne and Driscoll led with back-to-back walks off NA pitcher Kevin Smith, and a double steal advanced the runners to second and third.

Dave Mosher then executed a perfect safety-squeeze bunt to score Towne with the tying run. A pair of throwing errors by NA catcher Frank Cunningham accounted for the second Andover tally.

Andover boosted its lead to 5-1 in the third. Leadoff batter Steve Galvin worked the pitcher for a walk, and Bob Burrows followed with an infield hit.

The lefthanded Towne then hammered his gigantic triple to rightfield, rescuing both Galvin and Burrows easily. A poor throw by NA cut-off man Jim Zahoruiko at second base allowed Towne to race home from third on the same play.

Bob Driscoll also singled in the same inning, but he was left stranded at first base.

North Andover pecked away for a single run in the bottom of the third, cutting the gap to 5-2. Two more walks by Towne and a single by Cunningham loaded the bases, and then another free pass to Brian Smith forced in the marker.

Again Towne escaped further bases-loaded trouble by picking Cunningham off third base.

Andover put a pair of runners on base in the fourth when Ken Hubbell reached on an error and Galvin walked. They were stranded, however.

North Andover's big inning was the fourth, as they trotted five runs across the plate with only one hit. After getting the first man out, Towne walked four consecutive batters to force home the third NA run.

An infield throwing error allowed two more runs and tied the score 5-5, and a groundball single through the drawn-in Andover infield by Pete Stone accounted for two markers and a 7-5 NA lead.

At this point, Keith Verrette came on in relief and retired two batters to end the inning.

Andover closed to within 7-6 in the fifth. Towne led with a walk and Driscoll singled him to third. Another near-perfect bunt by Mosher brought Towne home, although Dave was thrown out at first.

Driscoll went to third, and then Kenny Hubbell walked to put runners at first and third. On a delayed double steal attempt, Driscoll was caught in a rundown between third and home and tagged out.

Manager Lefebvre put the game

under protest in the same inning, as an Andover runner was not allowed to score from second base on an over-throw. It would have tied the game 7-7. The protest has been filed with the league's board of directors. If upheld, the game will revert back to the fifth inning with the score tied 7-7, and it will be finished at a later date.

As it now stands, the game is a loss for Andover. If the protest is not upheld, it will remain as a defeat.

North Andover made it 8-6 with a solo tally in the bottom of the fifth. With two outs, a pair of walks and an infield error loaded the bases. The run scored on a wild pitch.

Andover put two more runners on base in the sixth, as Glenn Berrette walked and Burrows singled. Jeff Towne then belted another long fly ball to rightfield, but this one was hauled in very deep in right-center.

Methuen 2, Andover 1 -- Andover once again outhit its opponent, 7-3, but the safeties were well scattered.

Defending champ Methuen's three hits came off Andover pitchers Dave Mosher (starter) and Steve Fabiani, with Mosher surrendering two safeties and both runs in the first four innings.

Kenny Hubbell, Bob Burrows and Bob Driscoll laced two hits each for Andover, while Jeff Towne had one.

Methuen took a 1-0 edge in the second. Mike Ness walked, stole second, went to third on a wild pitch and scored on Chuck Haynes' single.

The victors made it 2-0 in the fourth. Fred Eaton led with a walk, stole second and raced to third on an infield error. Haynes came through again, driving home the winning run with a sacrifice fly to centerfield.

Steve Fabiani came on to pitch in the fifth stanza, and after surrendering a leadoff single to Jim Healy, he stopped Methuen cold for three frames.

Andover threatened in the second when Towne led off by beating out an infield single. Jeff stole second, and then Bob Driscoll punched a single to left. Towne was cut down at the plate trying to score on the hit, a play which came back to haunt Andover.

## Tag Day Scheduled Friday

The Andover Little League will hold its annual Tag Day tomorrow, with all boys from the Minor, Major and Senior Divisions conducting a door-to-door canvas of the town between 6 - 8 p.m.

Those boys having games tomorrow evening will participate in the Tag Day tonight. In addition to the canvas operation, a number of boys will also be stationed at several stores in the downtown area. Every boy involved will be wearing his team uniform.

Funds collected during the Tag Day are put to good use for the purchase of uniforms, bats, baseballs and various other equipment needed to make the extensive Andover LL program run smoothly and professionally. Tag Day is the only major source of these funds.

There are more than 700 Andover youngsters competing in the Little League "system," as well as many adults who participate as managers, coaches, umpires and administrators.

Parents are urged to help supply transportation for boys on their son's team. Tag Day will be held - rain or shine.

# Father is expecting a Gift from

.... and we've got a wide selection for you. . !

Father never has enough ....

Ever notice how often Dad wears slacks? For sports, for dress, for lazing around (that's not too often) . . . even to work. No matter how many pairs he has in his wardrobe, a special pair for Father's Day (June 20th) will make a gift he's sure to applaud.

There's a whole new demension in slacks this year. They're colorful, they're striped, they're checked and they're conservative, too. They're lean looking or they're wide and flaired. They're cut from light, summer fabrics or from the so-comfortable double-knits. Elander & Swanton has them all, in depth!

Come in and let us steer you to a real Father's Day gift.

## Early Vacation Approved

If you want to know who is responsible for letting Andover's elementary school children out of school two days early, it's the State Board of Education and the Commissioner of Education.

The board has granted the first waiver of this kind in the state, in order to provide for a three-day teachers' workshop to acquaint Andover's elementary

teachers with the system's new math program -- Individualized Mathematics System (IMS) -- which will be used throughout the Andover elementary school system in the fall. They also have requested room for teachers from other Massachusetts towns to observe and participate in the workshop and some have already applied.

Superintendent Dr. Kenneth R. Seifert reports that the board of education is keenly interested in Andover's adoption of the individualized math program, and in the planning and staff involvement through teachers inservice programs which preceded the move. Seifert quotes Commissioner Neil Sullivan as saying that Andover's continuous progress education in math and reading is "one of the bright spots in the state."

The IMS Training Workshop will be held at West Elementary School, June 23-25. Letting the children out early will free this facility for the workshop, and free the elementary math teachers in other schools to attend. The workshop will be run by J. W. Knight, elementary and secondary director and William Harris, a program associate, from the Regional Educational Laboratory of the Carolinas and Virginia, which developed the IMS package.

The IMS Math Training Workshop will describe the purposes and implications of individualized instruction, and familiarize teachers with the IMS materials and techniques -- placement and screening tests and compilation of pupil profiles, which enable a teacher to prescribe individual assignments from the IMS package for each student at his own level and pace, regardless of his school grade.

The IMS math program was chosen by Andover administrators and teachers because it was a refinement of another math program they had admired, and furthermore the assignments and other materials are laminated in plastic for erasing and re-use, which drastically cuts the per-pupil cost over a three or five year period.

Andover isn't waiting until fall to begin using the non-graded math program. Shortly after the workshop the program will be initiated at the elementary summer school. Elementary summer school Principal Robert Shapiro told the TOWNSMAN he had six teachers who will have participated in the training workshop, ready to teach the IMS math program. Shapiro said there still were openings in the summer school for academic subjects and also many student-oriented activities and skills. The summer school begins July 6 at West Elementary School.

### FARMING ON THE FRINGE

"The economic force of city growth on farming is more important than the actual loss of farmland," -- Arley D. Waldo, economist.

This is evident in rising land values. Farmers find it difficult to expand operations through purchase of additional land.

Growing nonfarm populations in formerly rural sections create demands for public facilities. New schools, roads, and water and sewer mains are required. These lead to higher property taxes and higher land values.

Farm property taxes are higher near cities than in predominantly rural areas. A 1960 U.S. Department of Agriculture survey indicates a farm tax rise. Farm taxes in metropolitan counties were five times higher than rural counties. In 1959, average metropolitan

county farm acreage was \$300 an acre. In non-metropolitan areas, it was slightly more than \$100.

## Vacation Survey Underway

The school administration is considering changing the school calendar in order to close schools earlier in June next year. The standard closing would be June 26. Assistant Superintendent Vaughn I. Clapp has sent six alternative school calendars home to parents, asking for their preferences.

The survey is in response to suggestions from inside and outside the system that two vacations after Christmas are unnecessary, particularly with the present Monday-holiday law that guarantees students a number of three-day weekends.

The feeling that school lasts too long in June is of course universal with students, but it also has support from teachers who have summer teaching or study commitments that often start immediately. Many Andover mothers have complained that the winter and spring vacations occur too close together for children's appreciation or benefit, that a single March vacation and earlier June closing would be preferable.

Ex-committeeman William Doherty long ago stated flatly that "Virtually no learning takes place after June 1." A further influence is the word from families moving into the system from other states that the two weeks of vacation after December are peculiar to New England.

The administration's alternative calendars include the standard Andover school calendar, a calendar offering a single March vacation instead of the February and April vacations, and a more exotic calendar which gives no week-long vacations at all after December, but instead provides Friday-Monday four day vacations on all major holiday weekends after Christmas vacation.

Then, because Labor Day falls late again this year, Clapp's alternatives also include a choice of school opening dates -- either the standard Thursday after Labor Day (Sept. 9) or the Tuesday before, (Sept. 7). The six resulting alternatives would let school out next June anywhere from June 16 to June 26.

A decision on the school calendar is expected soon after the results of the family survey are in.

## Require Physicals

A reminder to parents that students are required to have a physical exam at the following grades: Kindergarten, grades 3, 7 and 10.

All students who participate in any varsity sport are required to have a yearly physical.

Because of the strenuous physical education program, the school requests that all students in the junior and senior high have an annual physical.

Any student who is unable to participate in the physical education program must present a medical excuse from the family physician at the beginning of each school year.

Physical exam blanks and dental cards have been distributed in all the schools.

The family physician should do the examination if possible. For the sake of the physician it is requested not to wait until September to make an appointment.

# Class of '71-a beginning

The Class of 1971. It is a different world they enter compared to the world of 1967 when they entered college. And in large measure they had a part in the change.

Those who have plugged their way through engineering or related fields will have a difficult time finding a job in one of those exotic industries along Rte. 128 this year.

And yet this is what the Class of 1971 has moved for all along. When they entered college the Vietnam war was at its height. There were 500,000 American servicemen in Southeast Asia. The makers of the war machine were pumping out the bullets, the rockets and the radar sets. There was a barrel of research and development money around for the makers of new weapons. And everyone was fat. But the Class of 1971 was not happy.

Class of '71 changed that. In '67 and '68 effective demonstrations against the war in Vietnam began. There were few middle-aged ladies in sneakers or gentlemen with attache cases at those affairs in those days. Mostly, they were college students who opposed the war alone. And by 1968 the class was out to defeat a President to change the United States' policy in Vietnam. The target that year was Lyndon Johnson and they

defeated him. They could not elect a candidate of their own.

But they did change the policy and now there are 14,500 men being brought home every month from Vietnam. Again, the Class of 1971 may not be pleased with the progress but there is no doubt about the final outcome.

When the Class of '71 came back from the political campaign in '68, they began to change their colleges.

In the process, they changed some college presidents and made other major changes on the campuses.

Class of '71 backed a new hero whose name was Ralph Nader, who has been called, with his college "raiders", the fifth branch of government, if you count the press as the fourth.

And so the Class of '71 has changed our minds about war. We are now coming home from Vietnam. We have begun to make limited progress on the talks for arms limitations with the Soviet Union. We have begun to care a little more about our rivers and our air. We are trying to give the consumer a break. For a change we have regulatory agencies in Washington being made to think about regulating.

The Class of '71 had a hand in all this. It may be the best commencement yet.

CONVERSATION  
PIECE**

This 12 foot rendering of Main Street's east side, now positioned over Ford's Snack Bar, has long been one of the Town's favorite conversation pieces. It was hand painted by Dorothy Monroe Piercy in 1957 and has hung here since. It depicts graphically how the area looked at that time and never fails to

capture the attention of townspeople and visitors alike. If you look carefully, you may recognize someone you know. As a community service, Ford's will now hang the works of local artists, for display or for sale, on its new walls. If you would like to exhibit here - come in or call us.

## FURNITURE CONSULTATION

by Tom Cantone of Barbo's

Did you know that the overstuffed chair came into vogue in the 17th century? If you have ever visited a castle it will be clear to you why this furniture style was so desirable. The warmth and comfort was good protection against the dampness and drafts of the poorly heated rooms. Even central heating has not diminished the popularity of this style, perhaps because of its inherent beauty and comfort.

Today, with the emphasis on casual living, it is no surprise that a new furniture style has evolved which can best be described as "thoroughly casual". You can look to this style to provide as much comfort as the 17th century castle counterparts. New construction

techniques and materials have come together with an explosion of colorful fabrics to produce the casual comfort which is truly a reflection of our modern living style.

Whether yours is a castle in Spain or a bi-level ranch in Methuen I'll be happy to assist you in the selection of a furniture style to suit your individual tastes... in either case you can count on being treated like a king.

Tom Cantone is a furniture consultant at Barbo's and has been a resident of North Andover for over 10 years. Tom has maintained an interest in Art and Music and the "theatre" throughout his lifetime. If there are questions or comments about this column please call him at 438-1200 or visit his headquarters at Barbo's, 287 Main St., Stoneham where quality furnishings and personal attention need not be expensive.

## Fingerprint Demonstration For Troop 75

Officer John Murray of the Andover Police Department captured the interest and attention of all Troop 75 scouts with his interesting and informative demonstration of fingerprinting techniques last Friday night.

First, a few scouts were invited to put their fingers on a piece of glass. Officer Murray carefully dusted on some black powder and the fingerprints slowly appeared. He then took a piece of fingerprinting tape and lifted off the best print. This taped print was transferred onto a piece of white cardboard. Then the fingerprint was photographed by a special camera.

Next, all the scouts took turns rolling their fingers in ink and putting their fingerprints onto the proper spaces of the Bureau of Identification fingerprint profile card. The boys were given their prints to take home.

The meeting ended with the regular closing exercises.

"Active membership" will be achieved by reading and reporting on at least three books, and certificates will be issued for reading 10 books or more.

## Flowers . . .

. . . can make an important contribution to the traditional funeral service. Not only do they denote respect for the deceased, but flowers can be sort of a personal messenger of sympathy and understanding to survivors. Their presence tells the immediate family that their friends are thinking of them and sharing their sorrow during their bereavement.

While many customs and fashions have undergone changes over the years, the use of flowers at funerals has endured. Evidence of floral tributes have been found in excavated tombs dating as far back as ancient Egypt.

## Y Resumes Instruction At Pools

The Andover YMCA will conduct a swim instruction program in private backyard pools of the town for the fourth successive summer. Over 20 pools are committed to the YMCA program for the service of Andover residents. Additional pools and/or additional classes may be added later.

General registration for the pool program starts next Monday, June 14 at 9 a.m. at the YMCA, 10 Brook St. on a first come basis. Pools are well situated to serve all sections of the town. Instruction classes are scheduled for 8-12 years of age, also a limited number of classes for children 4-5 years and 6-7 years. A couple classes will be conducted for women and, for the first time, a Mom and Tot class will be offered; this class will serve 3 and 4 year olds only and the mother must actively participate. An information sheet is available for those interested in the Mom and Tot class.

Although all levels of ability may enroll in any class, a couple class specifically for intermediate and advanced swimmers are scheduled and classes specifically for 13-14 year olds will be scheduled if interest warrants.

Pool schedules are being mailed to all YMCA members from 6-12 years of age. Others may obtain schedules by calling at the YMCA.

## American LL Results

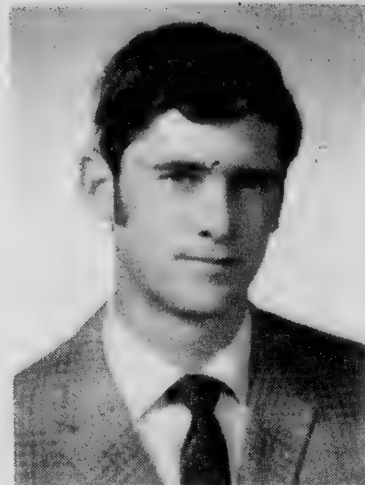

The Patriots won 2 games last week, first coasting over the White Sox and then scoring 9 come-from-behind runs to beat the Tigers 14-12 to continue their winning pace, while their closest competitors had big troubles. The second place Orioles lost to the Senators 4-3. Mark Lyons pitched well for the losing cause, as Richard Comeau and Larry Starr split the pitching assignment for the Senators. A big first-to-second-to-first double play won that one for the Senators, featuring the fielding of Dan Bouduc and Dan Ackroyd. The Orioles came back to beat the Yankees 9-7, sparked by spectacular fielding at 3rd base by Chris Allen, whose grab of a line drive ended the ball game to keep the Orioles in pennant contention.

The 3rd place Yankees dropped 4 games behind the Patriots by losing also to the Red Sox 11-10, as Sean Callahan won his second game in 2 tries.

The Tigers dropped out of 4th place, starting with an 11-3 loss to the Angels. The Angels' Steve DeRoche drove in 5 runs, as Tom Servello pitched very well. The tough breaks continued for the Tigers, as they lost an extra inning game to the Red Sox by 1 run, followed by that heartbreaker with the Patriots.

The Red Sox won 3 straight ball games before they were crunched by the hot Senators 15-8. For the Senators, Jamie Yameen hit 4 for 5, including 2 line drive homeruns. The Red Sox have moved into 4th place and have done so by developing 10 different pitchers.

The Angels are another hot ball team, whose 3 game winning streak has lifted them into 3rd place.

## Editorial Comment

## The Survey

School officials currently have underway, a survey to assist in determining the school calendar for the coming year.

There are several options being offered, among which is the elimination of the April vacation, possibly the February vacation, in favor of long weekends.

Such a plan would allow for an earlier close of schools in June.

The decision of parents of school children in this survey, should be made carefully.

Schools, now more than ever, are more than just book-learning stations. They are, as always, the place where foundations for future life are built.

While it may seem like a minor item, the school vacation schedule should be something to be taken quite seriously.

Attendance at school instills in the young a certain discipline which will be demanded when school days are over.

The vacation period in the workaday world will be reduced to an annual two week sojourn for the most part, rather than the several weeks available to the young people now.

We are aware of the fact that many youngsters work

during the summer months to aid in furthering their education.

We are also aware that serious consideration is being given to the year-round school, not only in Andover, but in many communities.

There are many comments about the spring vacations. Some teachers contend that it is all downhill from then until the close of school in June, as far as the students are concerned.

Others will staunchly state that the school time is wasted after June 1.

But there is a discipline learned in the necessity of reporting to classes, and certainly some benefit must be derived in those weeks of June.

We all get a little itchy as vacation time approaches, but there is compulsion to report as prescribed and carry on the daily duties.

So, such things should be considered when examining the survey questions.

Convenience can be a consideration.

Discipline and preparing for a future life, should be mandatory in making the final decision.

## The 10 Year Bonds

The selectmen have discussed this week the issuing of bonds for payment of construction of the water treatment plant.

Question before them is whether to issue them for a ten, 15 or 20 year period.

Some board members feel the ten year period should be sufficient and save the town money in the long run.

Others feel that a longer period would be easier on the pocketbook.

Either way, it is not going to be quite as difficult, if the new water rates act as they are supposed to - put the water department on a self-sustaining basis.

This plus the saving of a considerable sum of money over the life of the bond issue, almost dictates a ten year issuance, rather than spending the additional interest over an extended period of time.

## Commencement

We reach, once again, that happy time of year.

We speak of commencement time, particularly focusing on this weekend when hundreds of students in public and private schools in Andover will hold graduation exercises.

As may be seen in this week's edition of the TOWNSMAN, these graduates are joining with countless others who are receiving degrees or advanced awards at other commencement exercises.

Commencement is a most proper word.

For it means the beginning of a new life for not only high school graduates but those meeting advanced study or degree requirements.

It is an important time in the lives of all.

Upon the graduates this year, falls the duties to advance themselves in troubled times.

For the high school graduate, there is continued study planned by some, specialized training for others, entering the labor force for still others.

For all graduates, there lies before them the responsibility to carry on the good work which has gone before them and which has kept our community, state and nation strong.

We look toward today's youth for future leadership, with the hope that the qualities instilled in them in their educational endeavors will be put to good use.

With the knowledge that the road ahead will not always be easy, but buoyed by the confidence gained in educational pursuit, we are confident of the trust being placed on the graduates of the class of 1971.

Congratulations and best wishes for the future.

A salute to Frank Markey, retired Veterans Agent for the town and member of American Legion Post 8.

The popular friend of all and particularly veterans, participated in the Memorial Day parade for the 52nd time, this year also participating in the 325th anniversary parade as well.

Frank has made it every year, including the year he marched with his grandson up the hill to Phillips Academy, his alma mater, for the annual services a few years ago.

We can recall on that occasion, he had just recovered from surgery and had planned to go as far as Memorial Auditorium for the main service. But he said he felt so well at that point that he continued to walk the remainder of the parade route.

Good old reliable New England weather.

As could be expected right into the old humid, summer heat, without a little spring buildup, as was the case early this week.

With the exception of last weekend it has been a pretty damp spring.

Last weekend proved to be a busy one for the homeowners who were rained out of the usual planned projects.

Bruce L. MacDonald, a former teacher in the Andover school system, who has been serving in an administrative capacity with the Massachusetts Teachers Association, has left that post to move on to the New York Teachers Association.

MacDonald, while in Andover, was active in the first teacher-town negotiation sessions.

In his new position, MacDonald will be working with junior colleges in the New York state area.

The Mass. Heart Association warns that inhaling of fumes from aerosol cans could be dangerous. In many cases, the cans are charged with freon, the propellant which emits the various contents, including insecticides, hair spray, cleaners, paint, polishes, etc.

The excess inhalation is particularly dangerous to those with heart conditions, the association warns, adding that use of such should be accompanied by an adequate supply of fresh air.

Albert R. Retelle of Reservation road, volunteered to supervise and assist the taking down of the scenery, lights and dimmer boards at East Junior High school auditorium, following the presentation of "Generations," the production put on for the 325th anniversary observance.

With a crew, under the direction of William Srevens, the rented materials were taken down by 2 a.m. Tuesday then off to New Rochelle, New York via truck with Bill Joliffe, Scott Currier and Irving Whitcomb.

The trip took 13 hours.

Dissension seems to have crept into the Red Sox camp, just when they need it least.

The club is having enough trouble without public comment on the play of fellow team members.

During the current slump, while the play of some has been bad, it would appear that no team member is faultless.

What Our  
Readers Say

To the Editor of the TOWNSMAN: Andover did a magnificent job on Memorial Day.

That parade was the acme of perfection. Chairman Ober deserves a lot of credit for the size, quality and composition. It was the best parade in the Merrimack Valley and its picture will live in the memory of the large crowd that witnessed the hundreds of patriotic marchers.

Another vote of thanks is due the crew of workers at Spring Grove cemetery, who did a marvelous job. It was indeed a picture of beauty. Everything spic and span, and not a careless paper or tin anywhere.

The new superintendent, Mr. Bamford and his men sure did a great job in spite of the many wet days in May.

I can truthfully say, as long as I have seen the cemetery, never was it more beautiful and clean and orderly. It is the Arlington of the state.

Congratulations Mr. Bamford and your men for a real good job at Spring Grove.

## Annual Meeting

### For Andona

The annual dinner meeting of the Andona Society of Andover was held at the Lanam Club recently.

Annual reports were read describing the many projects undertaken during the year which enabled Andona to aid the youth of Andover in the areas of recreation, social development and education. The success of the projects made it possible to provide, among other things, two scholarships for graduating seniors at Andover High School, a number of summer camperships for local children, and a large donation to the Joint Hospital Building Fund. In addition, the society supported youth athletic group, A.B.C., and a number of other projects during the year.

Twelve provisional members were welcomed into the Society. They include Mrs. David Bertetti, Mrs. Roger Davis, Mrs. Richard Desmarais, Mrs. David Ehrman, Mrs. James Flynn, Mrs. Donald Gammon, Mrs. Fred Gridley, Mrs. John McGarry, Mrs. Raymond Orrell, Mrs. Edwin Parker, Mrs. Arthur Pierson and Mrs. William Walz.

Officers for the coming year will be: Mrs. Arthur Muldoon, president; Mrs. Richard Coombes, vice president; Mrs. Leslie Barrow, secretary; and Mrs. Robert Lucy, treasurer.

New board members include: Mrs. John Perkowski, ways and means; Mrs. Charles Zugenbein, meetings; Mrs. Sebastian Cavallo, public relations; Mrs. David Barrett, civic; Mrs. John Atanasoff, membership; Mrs. James Munn, points; Mrs. Bruce Taylor, properties; Mrs. Richard Secord, nominations.

As a rule the wheel of fortune demonstrates that one good term deserves another.

There was fine defensive play on both sides. O'Brien and Bill Emmert excelled at third base and short for the Sox, while Dave Birnbach and Pete Scheinfein starred at second and third for the Indians.

Red Sox 8, White Sox 7 -- Another three-hitter by Labeeb Abboud, who struck out nine this time around.

Labeeb also slugged his fifth homer, a two-run job, and just missed a sixth when his double hit the fence. Altogether Abboud was 3-for-3.

Mark Ketzler lashed a double and single, while RBI singles were added by Steve Curtis, Ricky Meuse, Omar Abboud and Randy Hayman.

Tim Brownlie drilled a double and single for two RBIs, while Greg Champagne singled, for the White Sox. The Red Sox' Mark Ketzler (short) and the White Sox' Scott Collins (centerfield) were defensive stars.

The victors scored two runs in the first and six in the fourth. The White Sox had five in the second inning, and one run in both the third and sixth.

Braves 15, Cardinals 6 -- Mark Grigoli and Andy Powell teamed up in 2 fine pitching performances for the winners. They were ably assisted by excellent defensive play from Craig Watelet who made a tremendous catch of a fly ball that was ticketed for extra bases and a superb infield play by Kevin Kenney and Scott Anderson in trapping over-eager base runners. A triple by Jim Galbiati was the big hit for the winners.

The losers gave a creditable, well-balanced team performance.

Dodgers 14, Pirates 10 -- The rejuvenated Dodgers having tasted victory for the first time last week have developed a lean, hungry and hard-eyed look. The offensive attack for the winners was spearheaded by Dave Wilson and Steve Vayanos each of whom collected two doubles and a homerun. The defense featured the excellence of John Howell and Kevin Hannawalt. A first rate defensive play by Hannawalt was instrumental in snuffing out an enemy rally. Mark Gould pitched fine ball for the winners and contributed two hits.

The pirates played well but failed to maintain that well-honed sharpness which had characterized their earlier seasonal efforts.

Giants 23, Phillies 3 -- An excellent mound performance by Tom Fogarty, three hits including a homerun by John Franz and a homerun by Glenn Ippolito led the league leading Giant team to another victory.

Kevin O'Connor and Barry Sullivan each collected a solid hit to star for the losers.

Redlegs 5, Astros 0 -- Roy Umanzio pitched four innings and Bob Conroy two innings to produce the first shut out of the national little league season. Outstanding defensive play by the whole Redlegs team assisted in bringing about this rarity. Jon Staid delivered a double and a triple with two on base to

spark the offensive attack.

Phil Doherty pitched a superb game for the losers.

Phillies 8, Redlegs 5 -- Kevin O'Connor and Tim Foote smashed out three hits each behind solid pitching by Gary Morrisette who also collected two hits to lead the Phillies to victory. Bob Conroy doubled and singled to pace the losers.

Pirates 12, Cardinals 7 -- John Grecoe in his first pitching effort of the season showed great promise by besting a fine Cardinal team. The big hits were provided by Ron Richards, Doug Kirkland and Mark McDermott.

Mike Wilson belted a savage double for the losers while Tommy Reynolds drilled two sharp line drives but, unfortunately, right at opposing players. Scott Wilson and Peter Frill played outstanding defensive ball. On one occasion, Brill made a fine catch on a hard drive and threw to second to double off an over-eager base runner.

Astros 14, Pirates 11 -- Ted Paris pitched some fine ball and Tim Stevens belted out a three run homer but the key to victory was the air-tight, errorless, defensive play of the Astros' infield comprised of Neil Doherty, Larry Lamagna, Tim Paris, John Williams, and Tony DiTroia. In the course of this game, this combination threw out three runners at the plate.

For the Pirates, Ted Teichert laid down a beautiful bunt to start a six run rally in the last inning which nearly overcame the commanding lead of the Astros.

Braves 17, Phillies 9 -- Craig Watelet, Andy Powell and Mark Grigoli divided the pitching honors for the winners. Kevin Kenney lofted two homers while Mark Grigoli and Jim Galbiati belted out two doubles and thus all three gained the privilege of sharing the hitting honors with Andy Weil. Andy broke out of a long slump with two solid hits and shows promise of becoming a great slugger in the future for the Braves.

Michael Witt who protects third base from would be stealers with more skill, energy and devotion than Scotland Yard expends on the crown jewels tagged out three runners to capture defensive honors.

For the losers, Dan Caseldon and Jim Arnold played outstanding defensive ball.

Mark L. Haley

Mark Layton Haley of Andover, was awarded a Bachelor of Arts degree Saturday at Bowdoin Col-

Dodgers 10, Redlegs 3 -- The all new, brand new, never say die Dodgers defeated the Redlegs to win their third victory of the season. Mark Gould unloaded three hits including a homerun, Big Bobby Peterson tripled with the bases loaded and Allan Berkwitz played fine offensive ball to pace the Dodger attack. Steve Morin held the Redlegs batters in check to gain the mound victory while Mark Gould was the big star on defense.

The Redlegs played good ball but were clearly out-matched in this contest.

Giants 16, Cardinals 5 -- Dennis Monroe star hurler for the Giants, pitched and won his fifth complete game of the season this week. The Giant hitting attack was led by Kevin Sirois and Scott Franz each of whom hammered a single and a triple along with Tony Trujillo who collected two singles. Matt Billings was outstanding defensively at the keystone sack.

For the losers, Jim Thompson executed two nice tag plays while Eric Wilson made a fine running catch to rob a Giant batter of a Texas leaguer.

community and the home -- the present tendency of families to be pulling apart, adults and young people having less to do with each other, with some kids floundering, and the peer group now exerting almost a dominant control on students' behavior.

Seifert cites a great need for "getting together as a community, providing programs which promote the association of adults with young people, whether it's simply a father-son, mother-daughter recreational event, or a program of more serious educational or social intent.

Seifert will discuss the need for some continuing education beyond high school in the Greater Lawrence community for the 13th and 14th year, as an alternative to a student immediately entering either an expensive four-year university boarding experience, or the fulltime job market, upon high school graduation. He said it could be community college, junior college, or some combination of intellectual work and practical training or job.

Both the superintendent and the overflow audience at last week's school committee meeting stressed the need for fuller communication between the schools and the community, and Dr. Seifert pledged at that time to make a status report to the community before the end of the school year.

"Whether anyone shows up to hear it or not," Seifert said, "I feel obligated to give the town this report, and my recommendations."

The meeting will begin at 7:30 p.m. in the auditorium of the East Junior High School.

Young birds often leave the nest before they can fly and may appear to be deserted when the parents are off gathering food or caring for others of the brood. If you find a
